

Pupils may apply for a place in English-language education instead of a local school. Pupils, however, do not have a subjective right to be admitted to English-language education, as opposed to applying to a local school.

Familiarise yourself with the brochure [English-language education 2020-2021](#) before filling in this application form. The brochure includes additional information and the principles of pupil selection for English-language education. The brochure is found at [espoo.fi/koulutusoppaat](https:// espoo.fi/koulutusoppaat).
