

This application form must be completed when a pupil moves to Espoo, another catchment area in Espoo or within a catchment area to a location where continuing in the same school as before would cause extra costs to the municipality compared to another school in the same catchment area. The form must also be completed if the pupil in question wishes to relinquish his/her place in a school providing specialised education, English-language education, bilingual education, language immersion education or Montessori education or a school of second preference, or if the special support for the pupil has been planned to be implemented in a general education group.

The application and any possible attachments must be delivered to the principle/head of the school to which the pupil is primarily applying. The local school will be assigned in accordance with the admission guidelines observed in basic education. See espool.fi/kouluunhakeminen > Lähikouluun hakeminen or espool.fi/schooladmissions.
