Wilma form about participation in contact teaching and handing out of snack bags

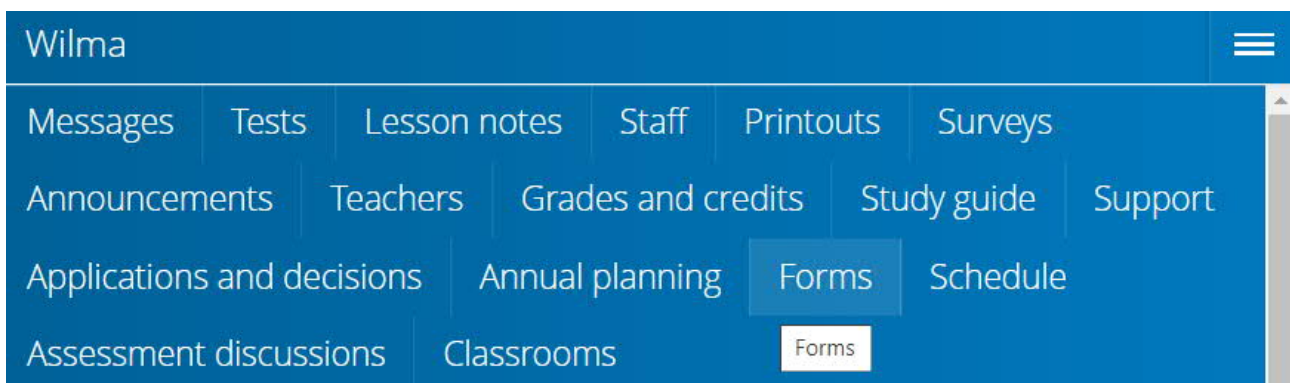

A Wilma form about the pupil's participation in contact teaching and handing out of snack bags has been opened for guardians.

Log in to Wilma with your username and password at <https://wilma.espoo.fi/> You'll have to access Wilma on a browser (either on a computer or a mobile device, such as phone or tablet) as there are no forms or applications on Wilma's mobile apps.

The form is located at Wilma's *Forms* section that can be found on the blue top navigation. It's possible that the section is hidden under three dots.

If you are using a small device or screen, the whole top navigation is hidden behind three bars.

The form at the Forms section is called **Participation in contact teaching and handing out of snack bags (comprehensive schools)**. The same form in Finnish is called **Lähiopetustarve ja eväsjakeluun osallistuminen (perusopetus)**.

25.3.2020

Only guardians have access to this form, not pupils with their own personal Wilma accounts.

After opening the form, a guardian should tick the boxes and save the form. More detailed instructions about how to fill out the form can be found from the form itself.

From the field "Pick-up location of snack bags" you'll see the school-specific location from where the snack bags are handed out.
