

Child welfare notification

Persons employed by, or in positions of trust for social and health-care services and child day care, education services; youth services; the police service; the Criminal Sanctions Agency; fire and rescue services; social welfare and health care service providers; education or training provider; a parish or other religious community; a reception centre and organisation centre; a unit engaged in emergency response centre activities; or a unit engaged in morning and afternoon activities for schoolchildren as well as persons working in a principal/contractor relationship or as independent professionals, and all health care professionals have a duty to notify the municipal body responsible for social services without delay and notwithstanding confidentiality provisions if, in the course of their work, they discover that there is a child for whom it is necessary to investigate the need for child welfare on account of the child's need for care, circumstances endangering the child's development, or the child's behaviour.

Also other persons may submit this notification, notwithstanding any confidentiality regulations that may apply.
